Who it is not for

- ✕ Not for you if you are off Shopify: it runs only there
- ✕ Tight if you use Lite: Hide or Show conditions are not included
- ✕ Watch out: Shopify must have real-time carrier rates, free on yearly billing or $20 a month a la carte
- ✕ Watch out: package settings, customs and duties need Standard, and sub-zones need Pro
- ✕ Watch out: the Shopify listing shows prices in the visitor's currency

Good to know

Good for

- ✓ Shopify stores with several dropship vendors shipping at different rates
- ✓ Stores mixing print-on-demand products with their own inventory
- ✓ Merchants who need free shipping on some products and flat rates on heavy items

Worth knowing

- ⓘ It runs only on Shopify, and the vendor says Shopify must have the real-time carrier rates feature, which is free on yearly billing or $20 a month a la carte.
- ⓘ Hide or Show conditions are not on Lite, and package settings, customs and duties need Standard or above.
- ⓘ Sub-zones by postal code require the Pro plan or higher.
- ⓘ The Shopify App Store listing shows prices in the visitor's currency; the figures here are the vendor's dollar prices.
