Welcome

What it is, who it suits, its grades and the ten things to know first

1.6

GPA, above 1 of the 101 other HR software we grade

Click Boarding is software for managing employee transitions: preboarding after an offer, onboarding and offboarding, plus crossboarding, M&A and promotions. It is aimed at HR and talent acquisition teams hiring at volume and syncs with an HRIS. Pages point buyers to a custom demo.

To get you started, here are **7 things to know about Click Boarding**, taken from its own pages and our grades.

> "
>
> **There's a custom demo and an ROI calculator, and no published price, plan or trial.**
>
> From our report card of Click Boarding

1 **Best for onboarding and offboarding workflows**

Click Boarding handles preboarding, onboarding and offboarding for HR teams.

2 **It runs on Web**

Web.

3 **Preboarding**

Engages new hires between offer acceptance and day one.

4 **Onboarding**

Runs the new-hire process and pushes updates to the HRIS.

5 **Offboarding**

Handles employee exits as part of the same platform.

6 **A 1.6 GPA, above 1 of 101**

That is against the other HR software we grade, on value, the free plan, features, ease of use and platforms.

7 **Keep it**

To replace Click Boarding you would be making connections to other products, each kept working as those products change. That is not a weekend's work, with an AI app builder or without one.

The report card

Best for onboarding and offboarding workflows

Click Boarding handles preboarding, onboarding and offboarding for HR teams. There's a custom demo and an ROI calculator, and no published price, plan or trial. Its SOC 2 Type II and ISO 27001 claims are the vendor's own.

TOOLGPA REPORT CARD	Click Boarding	Graded Nov 13, 2026

SUBJECT	GRADE	COMMENT
Value for money	C	No price is published, so there's nothing to set against the $2 to $9 a seat a month this category charges. That leaves it at C.
Free plan and trial	F	No free plan and no trial is listed. You start with a demo request.
Features	C	Preboarding, onboarding and offboarding workflows. It does that job in full and it is a smaller job than a whole HR suite, so C.
Ease of use	C	No store rating on record, and you'd set it up with your own people data first, so it's an ordinary C.
Platforms and integrations	C	Web only on record, with no integrations listed.
Grade point average		Weak, out of 4.0 **1.6**

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

Who Click Boarding is for

- ✓ Fits if new-hire paperwork is the part of HR that hurts
- ✓ Works for companies that also want a clean exit process

Who it is not for

- ✗ Skip it if you want a posted price, as only a demo and ROI calculator are offered
- ✗ Too light for payroll, records or reviews, which aren't described
- ✗ Watch out: SOC 2 Type II and ISO 27001 are the vendor's own claims
- ✗ Not for you if you want a free trial, as none is listed

Good to know

Good for

- ✓ HR and talent acquisition teams handling hundreds of hires a month
- ✓ Employers that want onboarding data synced to an existing HRIS

Worth knowing

- ⓘ No prices are published; the site offers a custom demo and an ROI calculator.
- ⓘ The vendor says it holds SOC 2 Type II and ISO 27001 compliance.

PART 04 · STANDING

Where it stands

Its grades against its category, and whether to keep it or make your own

1/101

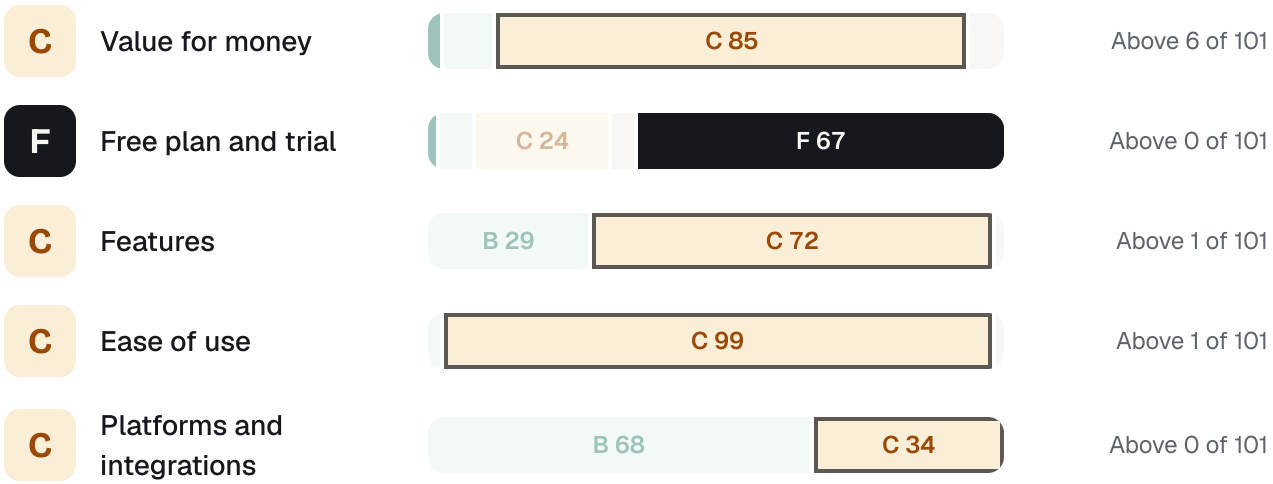

Other HR software it is graded above

Click Boarding's GPA of 1.6 is higher than 1 of the 101 other HR software we grade, and level with 20.

It stands best on value for money (C, above 6 of 101) and worst on free plan and trial (F, above 0).

Each grade against the category

Every bar is all 102 HR software we grade, cut by the letter each got. Click Boarding's own letter is outlined.

Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

Keep it

To replace Click Boarding you would be making connections to other products, each kept working as those products change. That is not a weekend's work, with an AI app builder or without one.

That makes this kind of software worth paying for, not this one in particular: 80 of the 101 other HR software grade higher.

What you could make

- Employee records: an app builder makes this well.

What you could not

- Connections to other products, each kept working as those products change.

What this rests on. Click Boarding's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.
