TOOLGPA REPORT CARD — **Conceptboard** — Graded Nov 12, 2026

| SUBJECT | GRADE | COMMENT |
|---|---|---|
| **Value for money** | C | 5 euros per user a month is about the category's cheaper quarter of $5, a little above it once converted, and the page does not say whether that is monthly or annual. Advanced is 10 euros. |
| **Free plan and trial** | C | The free plan gives 3 active boards, 100 objects per board and 250 MB. A 30-day trial of Starter and Advanced is also listed. |
| **Features** | C | Boards, 150-plus templates, tasks with assignees, voting and a timer. Gaps the listing shows: board history and approvals need Advanced, and single sign-on is an extra fee. |

| **Platforms and integrations** | B | Web only, with Microsoft Teams, Webex and Jira integrations listed. No desktop or phone app is named. |

**Grade point average** — Fair, out of 4.0 **2.2**

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

What paid plans start at, a month (each step along is roughly double)

## Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

### Keep it

The plain part of Conceptboard you could make: templates, tasks and kanban boards. What surrounds it you could not. The 3 things listed below take a company, not a weekend.

That makes this kind of software worth paying for, not this one in particular: 37 of the 61 other whiteboard and mind map tools grade higher. It costs $67.03 a year.

**What you could make**

- Templates, tasks and kanban boards: an app builder makes these well.

**What you could not**

- An endless canvas that stays smooth with hundreds of things on it.

- ✕ Several people working in it at the same moment.
- ✕ What a company asks for before it lets staff use something: single sign-on and audit logs.

**What this rests on.** Conceptboard's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.
