Welcome

What it is, who it suits, its grades and the ten things to know first

2.4

GPA, above 33 of the 70 other print-on-demand and dropshipping services we grade

Dreamship is a print-on-demand fulfillment service. Sellers connect a store or marketplace, or upload orders by spreadsheet or API, and Dreamship prints and ships the products from facilities in North America. A free Basic plan covers two stores, and the paid Plus plan adds discounted product prices and more connections.

To get you started, here are **9 things to know about Dreamship**, taken from its own pages and our grades.

> **No store rating on record, and you have to connect stores and set up products before the first order.**
>
> From our grade for ease of use

1 **Best for print-on-demand fulfilment for sellers with a few stores**

Dreamship prints and ships products for your Shopify, Etsy or Amazon shop, and the Basic plan costs nothing.

2 **Paid plans start at $19.99 a month**

As its pricing page puts it: $19.99 per month, billed annually ($239.88).

3 There is a free plan

Basic plan is free: 2 store connections, 5 staff accounts, 30+ printing locations and free product mockups, at standard product prices.

4 It runs on Web

Web.

5 Marketplace integrations

Direct integrations are listed for Shopify, Etsy, TikTok Shop, Amazon, Walmart, eBay, WooCommerce, BigCommerce and Order Desk.

6 Several ways to send orders

Orders can come from a connected store, a spreadsheet upload, manual entry or the API.

7 Production network

Dreamship says it has 30+ production facilities across North America and 250+ products, with an average production time of 1.4 business days.

8 A 2.4 GPA, above 33 of 70

That is against the other print-on-demand and dropshipping services we grade, on value, the free plan, features, ease of use and platforms.

9 Keep it

To replace Dreamship you would be making printers that make and ship each order. That is not a weekend's work, with an AI app builder or without one.

The report card

Best for print-on-demand fulfilment for sellers with a few stores

Dreamship prints and ships products for your Shopify, Etsy or Amazon shop, and the Basic plan costs nothing. But the pricing page shows no per-item product prices, and the dedicated account manager and up to 30% off product prices sit on Plus at $19.99 a month, billed yearly.

TOOLGPA REPORT CARD — **Dreamship** — Graded Nov 12, 2026

SUBJECT	GRADE	COMMENT
Value for money	C	Plus is $19.99 a month billed yearly, which is the cheaper quarter's edge for print-on-demand ($19.90) and in line with the $24 middle. Basic is free, but standard product prices apply and none are listed.

SUBJECT	GRADE	COMMENT
Free plan and trial	B	Basic is free for good: 2 store connections, 5 staff accounts, 30+ printing locations and free mockups. Plus has a 7-day trial, and the page doesn't say whether it needs a card.
Features	C	Nine marketplace connections, spreadsheet, manual and API ordering, a designer tool. The gaps: no per-item prices on the page, and production is described as North America only.
Ease of use	C	No store rating on record, and you have to connect stores and set up products before the first order.
Platforms and integrations	B	Web only, but with direct links to Shopify, Etsy, TikTok Shop, Amazon, Walmart, eBay, WooCommerce and BigCommerce, plus an API.
Grade point average		Fair, out of 4.0 **2.4**

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

Who Dreamship is for

- ✓ Fits if you run one or two stores and want no monthly fee to start
- ✓ Works for sellers on several marketplaces who want one fulfilment account

Who it is not for

- ✕ Watch out: product and shipping prices aren't on the pricing page, so you can't work out your margin before signing up
- ✕ Tight if you stay on Basic: the account manager, priority support and partner programmes are Plus only
- ✕ Pricey if you pay monthly: the page shows only the yearly figure, $19.99 a month ($239.88 up front)
- ✕ Skip it if your customers are outside North America and need local printing, as the facilities named are all there

Good to know

Good for

- ✓ Sellers starting with one or two stores who want no monthly fee
- ✓ Shops selling on several marketplaces from one fulfillment account
- ✓ Higher-volume sellers weighing a flat fee against up to 30% off product prices

Worth knowing

- ⓘ Product and shipping prices vary by item; the pricing page lists plans but no per-item base costs.
- ⓘ Priority support, a dedicated account manager and the partnership programs are not on the free Basic plan.
- ⓘ The price shown for Plus is the annual-billing figure; the monthly-billing price was not visible on the page.
- ⓘ Dreamship describes its production facilities as being across North America.

Keep it

To replace Dreamship you would be making printers that make and ship each order. That is not a weekend's work, with an AI app builder or without one.

It costs $239.88 a year.

What you could not

- ✕ Printers that make and ship each order.
- ✕ Suppliers who ship each order for you.

- ✕ Checkout, card payments and sales tax handled for you.
- ✕ It plugs into other products, Shopify, Etsy and TikTok Shop among them, and has an API.

What this rests on. Dreamship's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.
