Who made this guide, what else is on the site, and how to cite it

ToolGPA put this guide together from Elorus's own pages, its app-store listings and our grades. Every fact in it is on Elorus's page too, where it is kept up to date. Checked Nov 13, 2026.

Welcome

What it is, who it suits, its grades and the ten things to know first

2.6

GPA, above 94 of the 127 other accounting and invoicing tools we grade

Elorus is cloud software that combines invoicing, project time tracking and expense management for small businesses, agencies and freelancers. It has a client portal, quotes, recurring invoices and online payments. A free plan covers five active clients, and paid plans raise the client limit.

To get you started, here are **9 things to know about Elorus**, taken from its own pages and our grades.

> **No store rating on record, and you set up clients, products and payment connections first.**
>
> From our grade for ease of use

1 **Best for invoicing and time tracking in one place**

Elorus has invoicing, time tracking, expenses and a client portal, with a free plan for 5 active clients.

2 **Paid plans start at $7 a month**

As its pricing page puts it: $7 per month, billed annually ($9 billed monthly).

3 **There is a free plan**

Unlimited invoices for up to 5 active clients, 1 warehouse, unlimited products and services, and time tracking.

4 **It runs on Web**

Web, with a browser extension too.

5 **Invoicing and quotes**

Invoices, credit notes, estimates and custom sales documents in many currencies, sent by email with attachments and templates.

6 **Time tracking**

A live tracker and weekly timesheets, with a Chrome and Firefox extension, and billing of tracked time and expenses to clients.

7 **Expenses and bills**

Supplier invoices, recurring expenses and bill payments, with expenses tied to projects for cost reporting.

8 **A 2.6 GPA, above 94 of 127**

That is against the other accounting and invoicing tools we grade, on value, the free plan, features, ease of use and platforms.

9 **Keep it**

The plain part of Elorus you could make: invoicing, time tracking, expense tracking, quotes and estimates and inventory. What surrounds it you could not. The 1 things listed below take a company, not a weekend.

The report card

Best for invoicing and time tracking in one place

Elorus has invoicing, time tracking, expenses and a client portal, with a free plan for 5 active clients. But limits count active clients, 25 on Starter, extra users cost $5 a month each, and it is web plus a browser extension, with no phone apps.

TOOLGPA REPORT CARD — **Elorus** — Graded Nov 13, 2026

SUBJECT	GRADE	COMMENT
Value for money	B	Starter is $7 a month on yearly billing, inside the category's cheapest quarter. Extra users are $5 a month each on top.
Free plan and trial	B	A free plan with unlimited invoices for up to 5 active clients, 1 user and time tracking. One person with a few clients can live on that.

SUBJECT	GRADE	COMMENT
Features	C	Invoicing, quotes, time tracking, expenses, a client portal, stock and an API. It leans toward invoicing and projects, with no ledger described on the page.
Ease of use	C	No store rating on record, and you set up clients, products and payment connections first.
Platforms and integrations	B	Web and a browser extension, with Stripe, Braintree, PayPal, Slack, Asana and Jira. No phone or desktop app listed.
Grade point average		Good, out of 4.0 **2.6**

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

Who Elorus is for

- ✓ Fits if you invoice up to 5 clients and want time tracking free
- ✓ Works for agencies that bill from tracked time

Who it is not for

- ✗ Tight if you pass 5 active clients, because that is the end of the free plan
- ✗ Watch out: limits count clients invoiced in the past 365 days, 25 on Starter and 500 on Standard
- ✗ Watch out: the free plan allows 1 user, and extra users are $5 a month on yearly billing
- ✗ Skip it if you want a phone app, since none is listed
- ✗ Watch out: prices exclude VAT, and the site has a region selector that can show other prices

Good to know

Good for

- ✓ Agencies and freelancers who bill tracked hours
- ✓ Small businesses that invoice clients in several currencies
- ✓ Teams that want invoicing, expenses and time in one place

Worth knowing

- ⓘ Plan limits count active clients, meaning clients invoiced in the past 365 days: 5, 25 and 500 before unlimited.
- ⓘ Prices exclude VAT; extra users cost $5 a month on annual billing and $6 billed monthly.
- ⓘ The Free plan allows one user only.
- ⓘ The site has a region selector (USA, UK, Greece, International); the page read here showed dollar prices.

PART 02 · PRICING

What it costs

Every plan, the free plan, ways to pay less and how prices have moved

$7

A month to start. There is a free plan too

Elorus has a free plan. Paid plans start at $7 per month, billed annually ($9 billed monthly).

> **One person with a few clients can live on that.**
>
> From our grade for free plan and trial

Elorus is made by Elorus.

PART 04 · STANDING

Where it stands

Its grades against its category, and whether to keep it or make your own

94/127

Other accounting and invoicing tools it is graded above

Elorus's GPA of 2.6 is higher than 94 of the 127 other accounting and invoicing tools we grade, and level with 14.

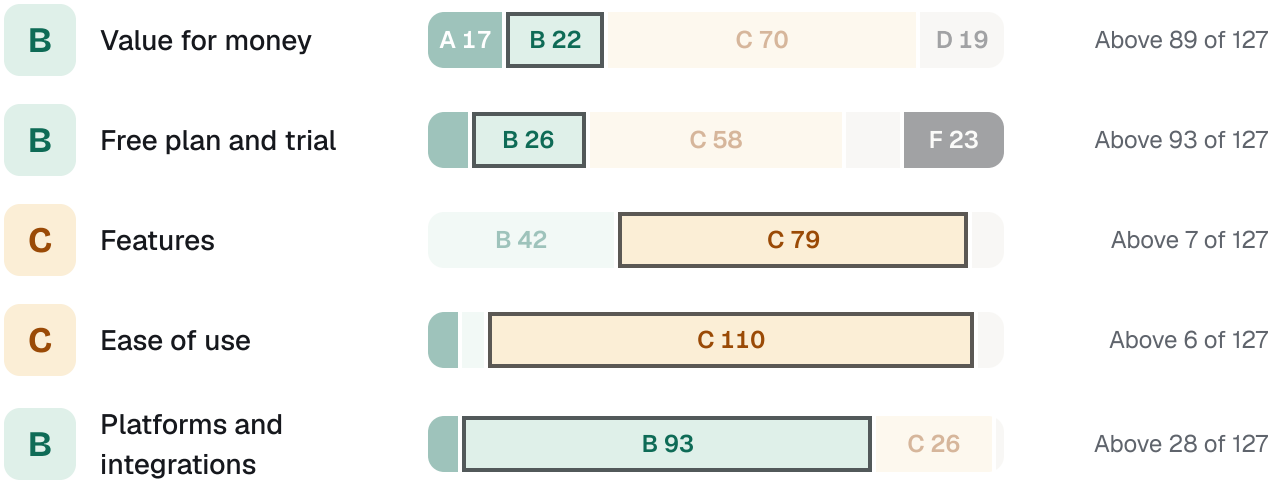

It stands best on free plan and trial (B, above 93 of 127) and worst on ease of use (C, above 6).

Its paid plans start at $7 a month, against a middle price of $18.09 for the category: 16 of the 90 others that charge start lower.

On features, ease of use and platforms it scores 2.3 out of 4. 10 tools score higher and cost less.

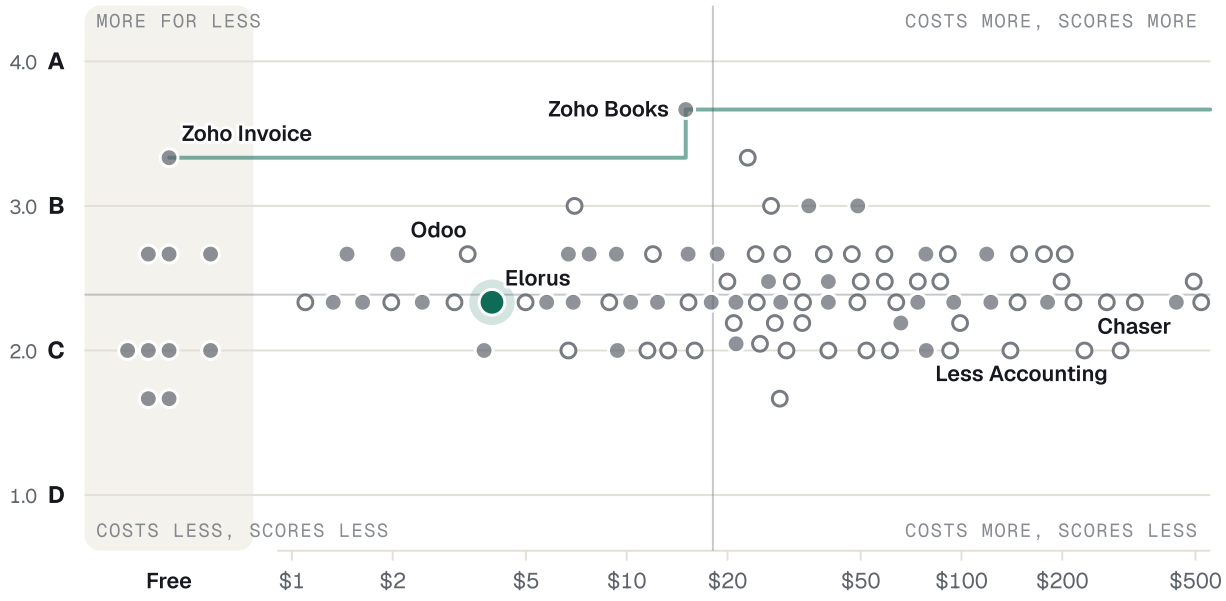

Each grade against the category

Every bar is all 128 accounting and invoicing tools we grade, cut by the letter each got. Elorus's own letter is outlined.

Price against what you get

Each dot is one of 101 accounting and invoicing tools. Further left costs less; higher up scores better on features, ease of use and platforms. Elorus is the marked dot.

What paid plans start at, a month (each step along is roughly double)

Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

Keep it

The plain part of Elorus you could make: invoicing, time tracking, expense tracking, quotes and estimates and inventory. What surrounds it you could not. The 1 things listed below take a company, not a weekend.

It is one of the better ones too: its GPA of 2.6 is higher than 94 of the 127 other accounting and invoicing tools we grade. It costs $84 a year.

What you could make

- Invoicing, time tracking, expense tracking, quotes and estimates and inventory: an app builder makes these well.

What you could not

- It plugs into other products, Stripe, Braintree and PayPal among them, and has an API.

What this rests on. Elorus's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.

The alternatives

The tools it is most often weighed against, side by side

FreshBooks, Zoho Invoice, Invoice Ninja, Bonsai and Moxie

The 5 tools Elorus is most often weighed against, with where each one differs from it.

2.6 GPA

FreshBooks
