Welcome

What it is, who it suits, its grades and the ten things to know first

2.0

GPA, above 31 of the 87 other field service apps we grade

Estimate Rocket is a web app for contractors that combines trade-specific estimating templates, proposals with e-signature, scheduling, job costing, invoicing and a client CRM. Every plan includes the full feature set and differs only in how many users it covers. Live training and onboarding are included.

To get you started, here are **9 things to know about Estimate Rocket**, taken from its own pages and our grades.

1 **Best for estimates and proposals for contractors**

It runs in the browser only, with offline use still in development, and extra users and a setup package cost more.

2 **Paid plans start at $139 a month**

As its pricing page puts it: $139 per month for 3 full users.

3 **You can try it first**

30-day free trial

4 **It runs on Web**

Web.

5 **Estimates and proposals**

Trade-specific templates, optional add-ons, interactive proposals and a customer portal with e-signature.

6 **Scheduling and job tracking**

Appointments, crew schedules, work orders, change orders, job costing and project timelines.

7 **Client communication**

Automatic follow-ups, appointment reminders, and email and text notifications, tied to a client library and CRM.

8 **A 2.0 GPA, above 31 of 87**

That is against the other field service apps we grade, on value, the free plan, features, ease of use and platforms.

9 **Keep it**

The plain part of Estimate Rocket you could make: quotes and estimates, invoicing, job scheduling, sales pipeline and reports. What surrounds it you could not. The 1 things listed below take a company, not a weekend.

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

Who Estimate Rocket is for

- ✓ Fits if you quote jobs with proposals customers sign online
- ✓ Works for contractor teams of three to fifteen who need job costing

Who it is not for

- ✗ Skip it if you need to work offline, as that is still in development
- ✗ Pricey if you add people: extra full users are $79 a month on the lowest plan
- ✗ Watch out: a done-for-you setup package is sold apart, listed at $1,595 and discounted to $995
- ✗ Not for you if you want native phone apps, since it is browser-based
- ✗ Tight if you want a free plan, as there isn't one

Good to know

Good for

- ✓ Remodeling and other contractors who sell from detailed estimates
- ✓ Teams that want every feature included and pay only by user count
- ✓ Companies that value hands-on onboarding and live training

Worth knowing

- ⓘ Runs in the browser as a mobile-friendly web app; the vendor says offline access is still in development.
- ⓘ Extra users are charged on top of the included seats, at $10 a month for field users.
- ⓘ An Advanced setup package is sold separately, listed at $1,595 and discounted to $995 for a limited time.
- ⓘ Phone support at the listed number is part of its support offer; there is no free plan.

Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

Keep it

The plain part of Estimate Rocket you could make: quotes and estimates, invoicing, job scheduling, sales pipeline and reports. What surrounds it you could not. The 1 things listed below take a company, not a weekend.

It costs $1,668 a year.

What you could make

- Quotes and estimates, invoicing, job scheduling, sales pipeline and reports: an app builder makes these well.

What you could not

- Connections that pull numbers from dozens of other services.
