Welcome

What it is, who it suits, its grades and the ten things to know first

2.4

GPA, above 10 of the 20 other online fax services we grade

FaxZero is a web form for sending a fax without an account. A free fax goes to any US or Canadian number with a FaxZero-branded cover page, while a $3.29 premium fax removes the branding and raises the page limit. It sends only; there is no number for receiving faxes.

To get you started, here are **9 things to know about FaxZero**, taken from its own pages and our grades.

> **Fill in one form and confirm by a link in your email, with no account to set up.**
>
> From our grade for ease of use

1 **Best for a one-off fax with no account**

FaxZero sends a fax from a web form with no account: up to 3 pages free, 5 faxes a day, with its own branding on the cover page.

2 **What it costs**

Paid plans start at $3.29 per fax, paid through PayPal.

3 **There is a free plan**

Free fax: up to 3 pages plus a cover, 5 faxes a day, to the US and Canada, with FaxZero branding on the cover page.

4 **It runs on Web**

Web.

5 **No account needed**

A fax is sent by filling out one form with sender and receiver details and a file or typed text, then confirming by a link emailed to you.

6 **File formats**

Attach PDF, Word, RTF, PNG, JPG, Excel, TXT, HTML, TIFF, GIF or PowerPoint files, or type text straight into the cover page box.

7 **Premium option per fax**

The $3.29 fax lifts the limit to 25 pages, goes ahead of free faxes in the queue and can leave out the generated cover page.

8 **A 2.4 GPA, above 10 of 20**

That is against the other online fax services we grade, on value, the free plan, features, ease of use and platforms.

9 **Keep it**

To replace FaxZero you would be making fax numbers connected to the phone network. That is not a weekend's work, with an AI app builder or without one.

The report card

Best for a one-off fax with no account

FaxZero sends a fax from a web form with no account: up to 3 pages free, 5 faxes a day, with its own branding on the cover page. It only sends, so there is no number to receive on, and anything over 3 pages or without branding costs $3.29 a fax.

TOOLGPA REPORT CARD **FaxZero** Graded Nov 12, 2026

SUBJECT	GRADE	COMMENT
Value for money	B	A paid fax is $3.29 with up to 25 pages and no branding, so one or two a month costs less than any monthly plan in the category, and a regular sender would pay more.
Free plan and trial	B	Free faxes to the US and Canada, up to 3 pages and 5 a day, with no account or card. Branding on the cover is the price of it.
Features	D	One narrow function: it sends faxes. There's no fax number for receiving, and the FAQ points regular users to a full fax service.
Ease of use	B	No store rating on record. Fill in one form and confirm by a link in your email, with no account to set up.
Platforms and integrations	C	Web only. Its own FAQ says the API is offered through a sister service, edwyna.com, not FaxZero itself.

Grade point average Fair, out of 4.0 **2.4**

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

Who FaxZero is for

- ✓ Fits if you need to send one fax to the US or Canada today
- ✓ Works for people who don't want an account or a subscription

Who it is not for

- ✗ Skip it if you need to receive faxes, because it has no number to receive on
- ✗ Tight if you send often: the free fax is 3 pages and 5 a day, with FaxZero branding
- ✗ Pricey if you send regularly, as each $3.29 fax adds up fast
- ✗ Watch out: international faxes are paid, at $3.63 for up to 15 pages in most countries, and the site runs ads

Keep it

To replace FaxZero you would be making fax numbers connected to the phone network. That is not a weekend's work, with an AI app builder or without one.

What you could make

- Documents: an app builder makes this well.

What you could not

- Fax numbers connected to the phone network.

What this rests on. FaxZero's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.
