Welcome

What it is, who it suits, its grades and the ten things to know first

1.8

GPA, above 6 of the 87 other field service apps we grade

Fieldmotion is job management software for field service firms in fire and security, HVAC, facilities, pest control, waste and similar trades. It handles scheduling, quoting, invoicing, planned-maintenance contracts and assets, with an engineer app that works offline. Plans are priced per user licence on a 36-month contract.

To get you started, here are **8 things to know about Fieldmotion**, taken from its own pages and our grades.

> **No store rating on record, and a three-year contract with onboarding and data migration means there is setup before anyone is productive.**
>
> From our grade for ease of use

1 Best for planned-maintenance contracts for fire and HVAC firms

Fieldmotion is job management for service firms that run planned-maintenance contracts, with an engineer app that works offline.

2 Paid plans start at $50 a month for each person

As its pricing page puts it: $50 per user licence / month, on a 36-month contract (3 licences minimum).

3 It runs on 3 platforms

Web, iOS and Android.

4 Job management and scheduling

Assign jobs by engineer availability in one schedule view; recurring scheduling and invoicing are in Core, and a smart scheduler is in Pro.

5 Planned maintenance and contracts

PPM contract management, asset and stock records with QR code integration, and service history across customer sites.

6 Mobile app with offline mode

The iOS and Android app shows schedules, site history and forms, and captures photos, signatures and time offline.

7 A 1.8 GPA, above 6 of 87

That is against the other field service apps we grade, on value, the free plan, features, ease of use and platforms.

8 Keep it

The plain part of Fieldmotion you could make: job scheduling, quotes and estimates, invoicing and inventory. What surrounds it you could not. The 4 things listed below take a company, not a weekend.

The report card

Best for planned-maintenance contracts for fire and HVAC firms

Fieldmotion is job management for service firms that run planned-maintenance contracts, with an engineer app that works offline. It asks for a 36-month contract and at least 3 licences, there is no trial, and the API and accounting links need the dearer Plus plan.

TOOLGPA REPORT CARD — **Fieldmotion** — Graded Nov 13, 2026

SUBJECT	GRADE	COMMENT
Value for money	C	$50 a licence a month on Core, which is the middle of what field service charges. Plus is $55 and Pro $60, and every one runs on a 36-month contract.
Free plan and trial	F	No free plan and no trial: the vendor lists a free demo, not a trial.
Features	C	Jobs, scheduling, quoting, invoicing, PPM contracts and assets. But stock, timesheets, the customer portal and the API start on Plus.
Ease of use	C	No store rating on record, and a three-year contract with onboarding and data migration means there is setup before anyone is productive.
Platforms and integrations	B	Web, iOS and Android with offline mode, plus Xero, QuickBooks, Sage, Stripe and an API. No desktop app is listed, and the API is Plus and up.

Grade point average — Weak, out of 4.0 **1.8**

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

Who Fieldmotion is for

- ✓ Fits if you run fire, security or HVAC contracts and can sign for three years
- ✓ Works for firms that want onboarding and data migration included

Who it is not for

- ✗ Skip it if you want to try before you commit, as there is a demo but no trial
- ✗ Tight if you are a one or two person shop, because the price assumes at least 3 licences
- ✗ Watch out: the API, Xero, QuickBooks and Stripe links are on Plus or Pro, not Core
- ✗ Watch out: SMS notifications are an extra on every plan
- ✗ Pricey if you want the smart scheduler or Power BI, which are Pro only at $60

Good to know

Good for

- ✓ Fire, security, HVAC and facilities firms running planned-maintenance contracts
- ✓ Teams that can commit to a multi-year term in return for onboarding and data migration

Worth knowing

- ⓘ Prices need a minimum of 3 user licences and a 36-month contract.
- ⓘ SMS notifications are an optional add-on on every plan.
- ⓘ The API, Xero, QuickBooks and Stripe integrations are on Plus or Pro, not Core.
- ⓘ The vendor lists a free demo, not a free trial.

Where it stands

Its grades against its category, and whether to keep it or make your own

6/87

Other field service apps it is graded above

Fieldmotion's GPA of 1.8 is higher than 6 of the 87 other field service apps we grade, and level with 24.

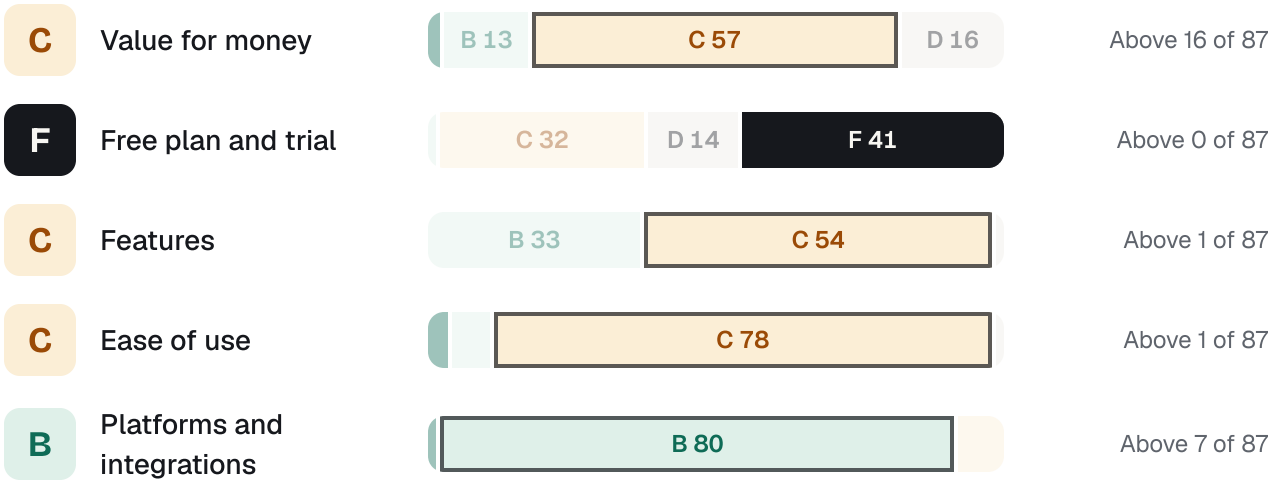

It stands best on platforms and integrations (B, above 7 of 87) and worst on free plan and trial (F, above 0).

Its paid plans start at $50 a month for each person, against a middle price of $50 for the category: 25 of the 53 others that charge start lower.

On features, ease of use and platforms it scores 2.3 out of 4. 7 tools score higher and cost less.

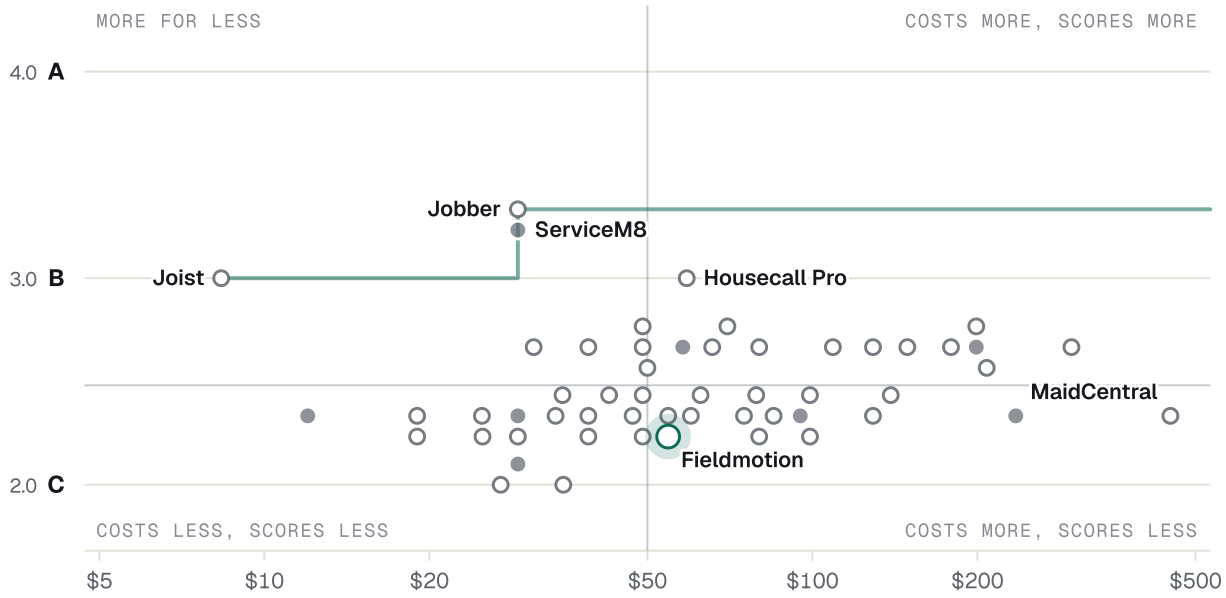

Each grade against the category

Every bar is all 88 field service apps we grade, cut by the letter each got. Fieldmotion's own letter is outlined.

Price against what you get

Each dot is one of 54 field service apps. Further left costs less; higher up scores better on features, ease of use and platforms. Fieldmotion is the marked dot.

What paid plans start at, a month (each step along is roughly double)

Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

Keep it

The plain part of Fieldmotion you could make: job scheduling, quotes and estimates, invoicing and inventory. What surrounds it you could not. The 4 things listed below take a company, not a weekend.

That makes this kind of software worth paying for, not this one in particular: 57 of the 87 other field service apps grade higher. It costs $600 a year.

What you could make

- Job scheduling, quotes and estimates, invoicing and inventory: an app builder makes these well.

What you could not

- Clocking in from a phone, checked against where and when.
- A real app for iOS and Android. Something home-made would be a web page.
- It is priced for each person, which means accounts and billing for a team.
- It plugs into other products, Xero, QuickBooks and Sage among them, and has an API.

What this rests on. Fieldmotion's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.
