# Welcome

What it is, who it suits, its grades and the ten things to know first

**2.0**

GPA, above 0 of the 75 other team communication apps we grade

Frame lets a team meet as avatars inside a 3D space that opens in a web browser with no download. Spaces have spatial voice chat, text chat, shared media and a built-in AI feature set. Each space is upgraded on its own, with plans set by how many users can be inside at once.

> **You build or pick a space and invite people.**
>
> From our grade for ease of use

To get you started, here are **9 things to know about Frame**, taken from its own pages and our grades.

**1** **Best for 3D meeting spaces in the browser**

Analytics, file sharing in chat and AI video are not free.

**2** **Paid plans start at $10 a month**

As its pricing page puts it: $10 per Frame / month.

**3** **There is a free plan**

Trial plan at no cost: 8 users in a Frame, spatial voice and text chat, 3 video uploads of 50MB each, and one AI environment generation.

**4** **It runs on Web**

Web.

### 5 3D spaces in the browser

Spaces run in Chrome, Edge or Safari on desktop, mobile and VR headsets, and the site says nothing needs to be installed.

### 6 Spatial voice and text chat

Voice chat uses spatial audio, a megaphone and custom voice zones, alongside text chat, speech-to-text and translation.

### 7 Shared content

Spaces can hold images, videos, PDFs, 3D models, polls, web browsers, screen share and webcams.

### 8 A 2.0 GPA, above 0 of 75

That is against the other team communication apps we grade, on value, the free plan, features, ease of use and platforms.

### 9 Keep it

To replace Frame you would be making chat that a whole team counts on staying up. That is not a weekend's work, with an AI app builder or without one.

# The report card

## Best for 3D meeting spaces in the browser

Frame runs 3D spaces in the browser with spatial voice and text chat. The free Trial plan holds 8 users per space and paid plans are priced per space at $10, $50 and $200 a month. Analytics, file sharing in chat and AI video are not free.

| TOOLGPA REPORT CARD | Frame | Graded Nov 13, 2026 |
|---|---|---|
| SUBJECT | GRADE | COMMENT |
| **Value for money** | C | $10 per space a month for Basic, $50 and $200 above it. Each space is upgraded and billed separately. |
| **Free plan and trial** | C | A free Trial plan with no time limit, capped at 8 users in a space and no analytics or file sharing. |
| **Features** | C | 3D spaces, spatial chat, shared content, AI tools and roles. Analytics, file sharing and AI video are paid. |
| **Ease of use** | C | No rating on record. You build or pick a space and invite people. |
| **Platforms and integrations** | C | Browser only, with one integration listed. |
| **Grade point average** | | Fair, out of 4.0 **2.0** |

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

### Who Frame is for

- ✓ Fits if you want an online 3D space for a small meeting
- ✓ Works for events that need to scale up to 50 or 300 people

### Who it is not for

- ✕ Tight if you stay free, with 8 users in a space
- ✕ Pricey if you have several spaces, because each is billed separately
- ✕ Watch out: analytics, chat file sharing and AI video are not in the free tier
- ✕ Watch out: the prices shown are monthly, with 20% off for annual billing
- ✕ Skip it if you want a desktop or phone app, as it is browser only

## Good to know

### Good for

- ✓ Remote teams that want a persistent virtual meeting space
- ✓ Educators, with a 50% discount stated on the pricing page
- ✓ Event hosts who need a space for up to 300 users at once

### Worth knowing

- ⓘ Plans are per Frame, not per account: each space is upgraded separately.
- ⓘ The Trial tier caps a Frame at 8 users and the other tiers step up to 8, 50 and 300 users.
- ⓘ Analytics, file sharing in text chat and AI video creation are not in the free tier.
- ⓘ The $10, $50 and $200 prices are the monthly view; the page offers 20% off for annual billing.

PART 04 · STANDING

# Where it stands

Its grades against its category, and whether to keep it or make your own

**0**/75

Other team communication apps it is graded above

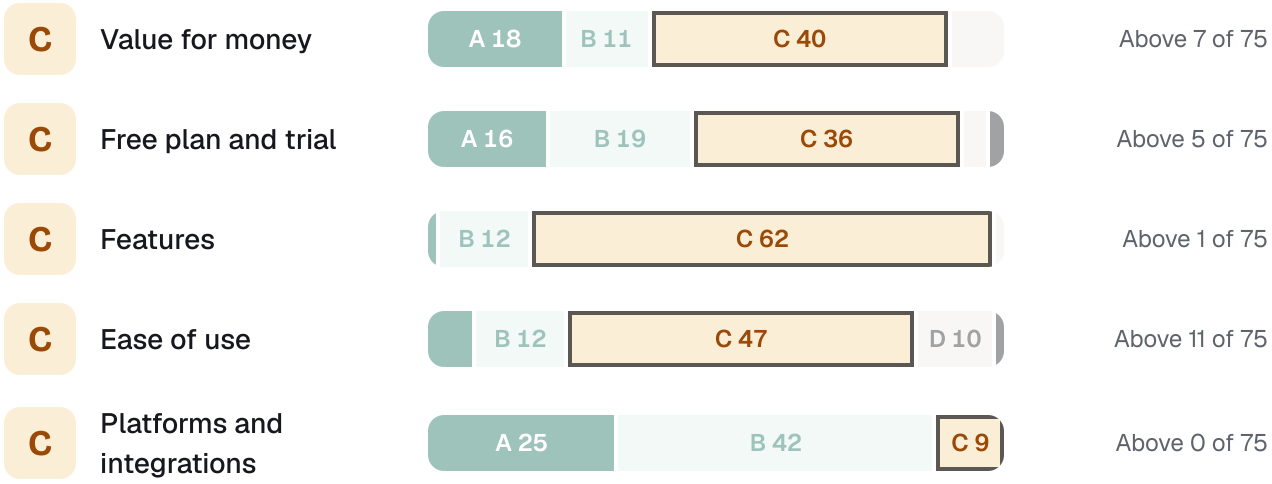

Frame's GPA of 2.0 is higher than 0 of the 75 other team communication apps we grade, and level with 8.

Its paid plans start at $10 a month, against a middle price of $6.90 for the category: 34 of the 51 others that charge start lower.

On features, ease of use and platforms it scores 2.0 out of 4. 39 tools score higher and cost less.

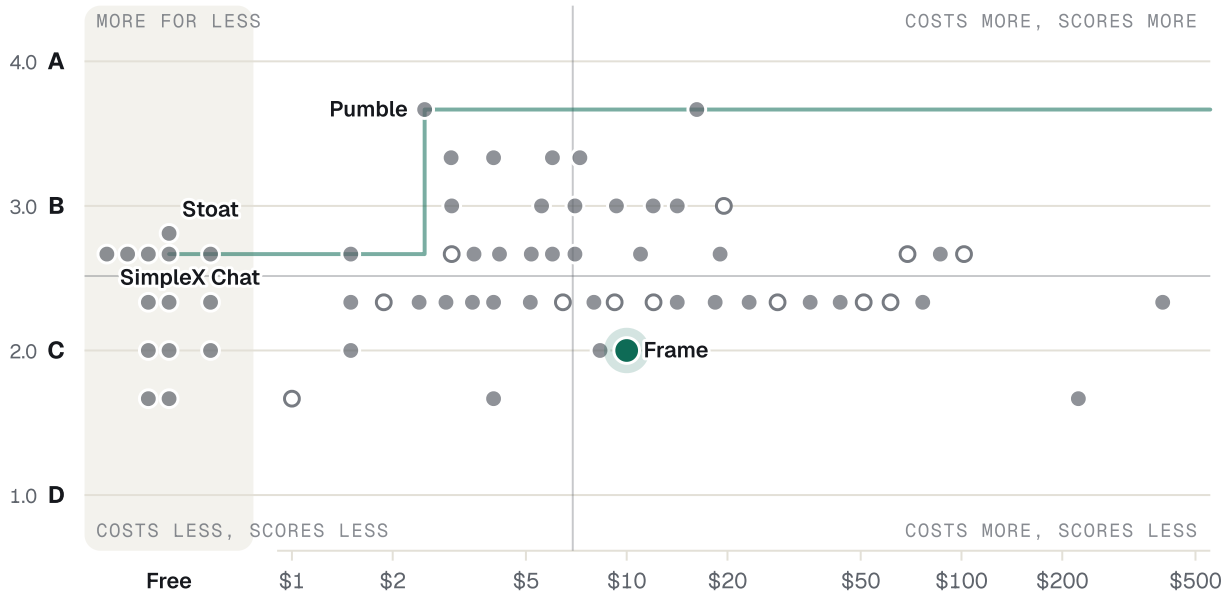

## Each grade against the category

Every bar is all 76 team communication apps we grade, cut by the letter each got. Frame's own letter is outlined.

## Price against what you get

Each dot is one of 66 team communication apps. Further left costs less; higher up scores better on features, ease of use and platforms. Frame is the marked dot.

What paid plans start at, a month (each step along is roughly double) ⍰

## Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

### Keep it

To replace Frame you would be making chat that a whole team counts on staying up. That is not a weekend's work, with an AI app builder or without one.

That makes this kind of software worth paying for, not this one in particular: 67 of the 75 other team communication apps grade higher. It costs $120 a year.

**What you could not**

- ✕ Chat that a whole team counts on staying up.
- ✕ Video calls.

- ✕ It plugs into other products, Google Street View among them, and has an API.
- ✕ AI features, unless you pay a model provider for each request yourself.

**What this rests on.** Frame's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.
