07 About ToolGPA
Who made this guide, what else is on the site, and how to cite it

ToolGPA put this guide together from IndexMeNow's own pages, its app-store listings and our grades. Every fact in it is on IndexMeNow's page too, where it is kept up to date. Checked Nov 13, 2026.

Welcome

What it is, who it suits, its grades and the ten things to know first

1.8

GPA, above 0 of the 70 other SEO tools we grade

IndexMeNow submits URLs for indexing in Google using a combination of three methods and checks each hour whether they have been indexed. Credits are bought in packs with no subscription, and a URL not indexed after 10 days is credited back. An API, a Chrome plugin and a WordPress plugin are listed.

To get you started, here are **8 things to know about IndexMeNow**, taken from its own pages and our grades.

> **No store rating is on record, but you submit URLs with nothing to configure.**
>
> From our grade for ease of use

1 **Best for paid Google indexing of URLs**

IndexMeNow submits URLs to Google through three methods and checks hourly whether they were indexed, crediting a URL back if it is not indexed after 10 days.

2 **What it costs**

Paid plans start at $59 for 60 credits, excluding VAT.

3 **It runs on Web**

Web, with a browser extension too.

4 **Three-method indexing**

URLs are sent through a combination of three indexing methods; the vendor says about 80% are indexed within 72 hours.

5 **Refund after 10 days**

A URL that is still not indexed after 10 days is credited back to the account automatically.

6 **Hourly index checks**

A built-in checker, powered by the vendor's isindexed.com, looks up each URL's status every hour at no charge.

7 **A 1.8 GPA, above 0 of 70**

That is against the other SEO tools we grade, on value, the free plan, features, ease of use and platforms.

8 **Your call**

You could make the core of IndexMeNow for yourself: reports.

OUR GRADE 1.8 GPA, weak	

The report card

Best for paid Google indexing of URLs

IndexMeNow submits URLs to Google through three methods and checks hourly whether they were indexed, crediting a URL back if it is not indexed after 10 days. A credit costs about $0.98 on the smallest pack, roughly

twenty times what Rapid URL Indexer charges, and the vendor's own figure is only 80% indexed in 72 hours.

TOOLGPA REPORT CARD	IndexMeNow	Graded Nov 13, 2026
SUBJECT	GRADE	COMMENT
Value for money	D	$59 for 60 credits is about $0.98 a URL, falling to $0.47 on the $1,999 pack. Rapid URL Indexer's packs run $0.04 to $0.05 a credit, so this is several times dearer for the same job.
Free plan and trial	F	Nothing is free: no plan and no trial, and the smallest pack is $59.
Features	C	Indexing by three methods, hourly index checks, refunds after 10 days and an API. It does the one job, and the 80% in 72 hours is an average the vendor states.
Ease of use	B	No store rating is on record, but you submit URLs with nothing to configure.
Platforms and integrations	B	Web, a Chrome plugin, a WordPress plugin and a free API.
Grade point average		Weak, out of 4.0 **1.8**

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

Who IndexMeNow is for

- ✓ Fits if you submit a few dozen URLs and want unindexed ones credited back
- ✓ Works for people who want hourly status checks included

Who it is not for

- ✗ Pricey if you submit many URLs, with the smallest pack at about $0.98 each
- ✗ Skip it if you want a free plan or trial, as none exists
- ✗ Watch out: prices exclude VAT, so checkout can come higher
- ✗ Watch out: about 20% of URLs may not be indexed in 72 hours by the vendor's own average
- ✗ Tight if you want results fast on every URL, as some wait 10 days for a credit-back

Good to know

Good for

- ✓ SEOs indexing backlinks or new pages without Search Console access
- ✓ Buyers who want to pay per indexed URL, not monthly
- ✓ Agencies buying larger credit packs at a lower per-URL rate

Worth knowing

- ⓘ Prices are listed excluding VAT, so buyers in some countries will pay more at checkout.
- ⓘ The smallest pack is $59 for 60 credits, about $0.98 per URL.
- ⓘ The vendor's own figures are an average of 80% indexed in 72 hours, so some URLs will not index and are refunded after 10 days.
- ⓘ There is no subscription and no free tier; credits never expire, and checking whether URLs are already indexed is free.

What it costs

Every plan, the free plan, ways to pay less and how prices have moved

$59
To start

IndexMeNow is a paid product, starting at $59 for 60 credits, excluding VAT.

STARTER
$59
one-time, for 60 credits

About $0.98 per credit, excluding VAT. One credit is one indexed URL.

PREMIUM
$199

What it does

Its main features, where it runs, what it works with and who makes it

2

Places it runs: Web and Browser extension

Credit-based Google URL indexing with a 10-day refund rule. Here is what it does, as its own site describes it, and what it covers: public API, reports.

> **Web, a Chrome plugin, a WordPress plugin and a free API.**

From our grade for platforms and integrations

Three-method indexing

URLs are sent through a combination of three indexing methods; the vendor says about 80% are indexed within 72 hours.

Refund after 10 days

A URL that is still not indexed after 10 days is credited back to the account automatically.

Hourly index checks

A built-in checker, powered by the vendor's isindexed.com, looks up each URL's status every hour at no charge.

Refresh already indexed URLs

The credit pack includes a way to refresh and boost pages that are already indexed.

API

A free API is included on all projects, and a Chrome plugin and an official WordPress plugin are offered.

IndexMeNow is made by IndexMeNow.

Where it stands

Its grades against its category, and whether to keep it or make your own

0/70

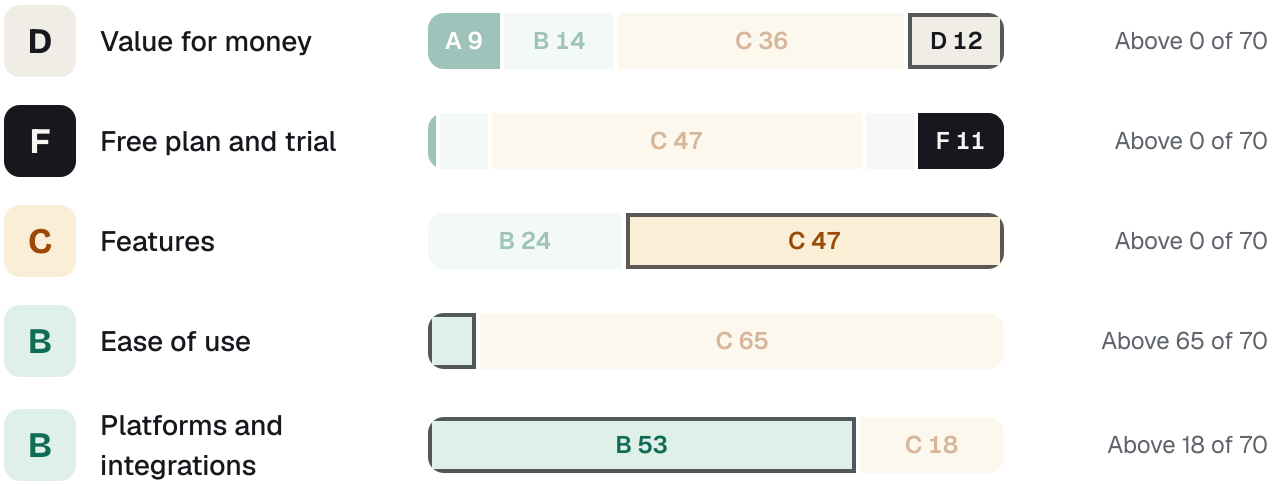

Other SEO tools it is graded above

IndexMeNow's GPA of 1.8 is higher than 0 of the 70 other SEO tools we grade, and level with 4.

It stands best on ease of use (B, above 65 of 70) and worst on free plan and trial (F, above 0).

Each grade against the category

Every bar is all 71 SEO tools we grade, cut by the letter each got. IndexMeNow's own letter is outlined.

Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

Your call

You could make the core of IndexMeNow for yourself: reports.

What you would give up is listed below. Whether that is worth the price is your call.

What you could make

- Reports: an app builder makes this well.
- It runs in a browser, which is where something home-made would run too.

What you could not

- ✕ It plugs into other products, WordPress and Chrome among them, and has an API.

What this rests on. IndexMeNow's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.

The alternatives

The tools it is most often weighed against, side by side

Rapid URL Indexer, SEO Utils, Screaming Frog SEO Spider and Sitebulb
