07 About ToolGPA
Who made this guide, what else is on the site, and how to cite it

ToolGPA put this guide together from interviewing.io's own pages, its app-store listings and our grades. Every fact in it is on interviewing.io's page too, where it is kept up to date. Checked Nov 13, 2026.

Welcome

What it is, who it suits, its grades and the ten things to know first

1.8

GPA, above 30 of the 101 other hiring and applicant tracking tools we grade

interviewing.io is a marketplace where engineers practice with anonymous mock interviews, and employers hire from those whose live technical interview performance cleared a bar. Employers interview candidates anonymously on the platform and say how many engineers they want to meet.

To get you started, here are **7 things to know about interviewing.io**, taken from its own pages and our grades.

> **No store rating on record, and the listing shows interviews to schedule with candidates you've never met.**
>
> From our grade for ease of use

1 **Best for hiring engineers who passed mock interviews**

interviewing.io lets you interview engineers anonymously, drawn from people whose mock technical interviews cleared a bar.

2 **It runs on Web**

Web.

3 **Performance-based pipeline**

Candidates are chosen by how they did in past rigorous live technical interviews, not by resume.

4 **Anonymous interviews**

Employers run their usual technical phone screen on the platform anonymously, which the site says avoids bias.

5 **Mock interviews for engineers**

The candidate side offers practice interviews with replays, covering system design, algorithms and behavioral topics.

6 **A 1.8 GPA, above 30 of 101**

That is against the other hiring and applicant tracking tools we grade, on value, the free plan, features, ease of use and platforms.

7 **Keep it**

To replace interviewing.io you would be making video calls. That is not a weekend's work, with an AI app builder or without one.

interviewing.io at a glance

PRICING Paid	FREE PLAN No

OUR GRADE 1.8 GPA, weak	

The report card

Best for hiring engineers who passed mock interviews

interviewing.io lets you interview engineers anonymously, drawn from people whose mock technical interviews cleared a bar. It supplies candidates from

its own pool, it's not a test library or an ATS, and the employer fee isn't stated beyond paying when candidates pass.

TOOLGPA REPORT CARD	interviewing.io	Graded Nov 13, 2026
SUBJECT	GRADE	COMMENT
Value for money	C	No price is published, so we can't set it against the $74 to $149 a month this category charges. That leaves it at C.
Free plan and trial	D	The employers page says to get started for free, but the fee and terms aren't stated beyond paying when candidates pass your bar. We can't call that a clear trial.
Features	C	Performance-based candidate pipeline and anonymous interviews. It supplies candidates from its own pool and isn't an ATS or test library.
Ease of use	C	No store rating on record, and the listing shows interviews to schedule with candidates you've never met. That puts it at C.
Platforms and integrations	C	Web only, with no separate app on record. One kind of device, so C.
Grade point average		Weak, out of 4.0 **1.8**

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

Who interviewing.io is for

- ✓ Fits if you're hiring software engineers and want candidates already screened on a live interview
- ✓ Works for teams that would rather pay on results than for seats

Who it is not for

- ✗ Skip it if you want a test library or an ATS, because it's neither
- ✗ Not for you if you want a price: no plan or fee is listed
- ✗ Watch out: candidate mock interviews are a separate paid product, premium from $179
- ✗ Too light for non-engineering roles, as the pool is engineers

Good to know

Good for

- ✓ Startups hiring engineers without a large recruiting team
- ✓ Employers who want to see interview performance before spending time
- ✓ Teams trying to reduce resume bias

Worth knowing

- ⓘ The employer fee is not stated beyond paying when candidates pass your technical bar; no plan or price is listed.
- ⓘ Candidate mock interviews are a separate paid product, with premium interviews starting at $179.
- ⓘ It supplies candidates from its own pool and is not a test library or an ATS.

What it costs

Every plan, the free plan, ways to pay less and how prices have moved

interviewing.io's current pricing could not be confirmed from its own site.

> **The employers page says to get started for free, but the fee and terms aren't stated beyond paying when candidates pass your bar.**
>
> From our grade for free plan and trial

We could not confirm interviewing.io's current prices from its own site, so this guide lists no plans. interviewing.io has them.

What it does

Its main features, where it runs, what it works with and who makes it

1

Place it runs: Web

Hire engineers who passed anonymous mock technical interviews. Here is what it does, as its own site describes it, and what it covers: video calls, job board posting, skills tests.

> "
>
> **Performance-based candidate pipeline and anonymous interviews.**
>
> From our grade for features

Performance-based pipeline

Candidates are chosen by how they did in past rigorous live technical interviews, not by resume.

Anonymous interviews

Employers run their usual technical phone screen on the platform anonymously, which the site says avoids bias.

Mock interviews for engineers

The candidate side offers practice interviews with replays, covering system design, algorithms and behavioral topics.

Fast hiring cycle

The vendor says employers can go from first conversation to offer in as little as a week.

PART 04 · STANDING

Where it stands

Its grades against its category, and whether to keep it or make your own

30/101

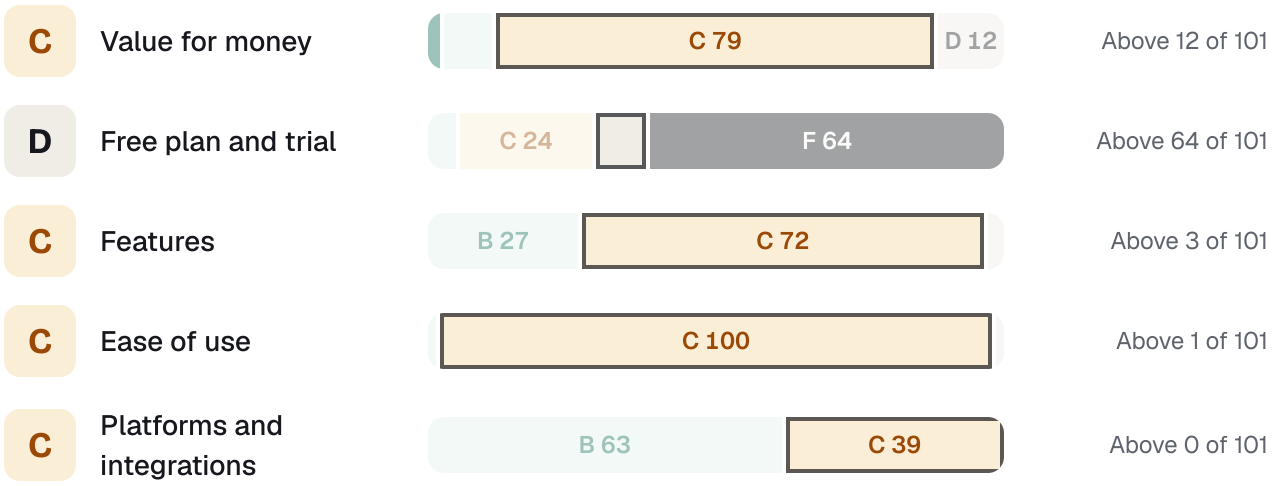

Other hiring and applicant tracking tools it is graded above

interviewing.io's GPA of 1.8 is higher than 30 of the 101 other hiring and applicant tracking tools we grade, and level with 23.

It stands best on value for money (C, above 12 of 101) and worst on free plan and trial (D, above 64).

Each grade against the category

Every bar is all 102 hiring and applicant tracking tools we grade, cut by the letter each got. interviewing.io's own letter is outlined.

Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

Keep it

To replace interviewing.io you would be making video calls. That is not a weekend's work, with an AI app builder or without one.

That makes this kind of software worth paying for, not this one in particular: 48 of the 101 other hiring and applicant tracking tools grade higher.

What you could not

- ✕ Video calls.
- ✕ Jobs posted to dozens of job boards at once, which takes an agreement with each board.
- ✕ A library of tested questions with scores to compare candidates by.

What this rests on. interviewing.io's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.

The alternatives

The tools it is most often weighed against, side by side

Karat, HackerRank, CoderPad and Codility

The 4 tools interviewing.io is most often weighed against, with where each one differs from it.

PART 07 · ABOUT

About ToolGPA

Who made this guide, what else is on the site, and how to cite it

7,721

Tools graded, in 95 categories

ToolGPA grades software the way a school report grades a pupil: five subjects, a letter for each with the reason written beside it, and a GPA that averages them. Prices, plans and platforms are read from each maker's own pages and dated, so you always know how fresh a figure is.

Every grade, review and ranking on ToolGPA is our own judgement. No company can pay for a grade or change one. Every tool on the site has a guide like this one, free to download and pass on. It all lives at toolgpa.com.
