Invoice Simple makes invoices, estimates and receipts from a phone, tablet or browser, and sends them by email, text or WhatsApp. Clients can pay through PayPal or by card, and a QR code can be printed on the invoice. Three paid packages differ mainly in how many invoices can be sent each month.

To get you started, here are **9 things to know about Invoice Simple**, taken from its own pages and our grades.

7 **Read receipts and reminders**

Who Invoice Simple is for

- ✗ Pricey if you want unlimited invoices, which is $21.99 a month on Premium
- ✗ Watch out: prices here are the US App Store's monthly prices, and the web prices weren't checked
- ✗ Watch out: Venmo payments are US only, and the annual prices aren't published on the pages we read
