Welcome

What it is, who it suits, its grades and the ten things to know first

2.2

GPA, above 40 of the 81 other cold outreach tools we grade

LinkedRadar bundles more than 20 LinkedIn and Instagram tools: connection and follow-up automation with AI icebreakers, a LinkedIn email finder and CRM, and Instagram follower, comment and like exporters, story tools and a DM bot. The paid plans on its pricing page are sized by LinkedIn invitations, InMails, AI optimizations and campaigns.

To get you started, here are **8 things to know about LinkedRadar**, taken from its own pages and our grades.

1 **Best for cheap LinkedIn outreach for one account**

LinkedRadar automates LinkedIn connections and follow-ups from $13.90 a month on yearly billing, and adds Instagram tools.

2 **Paid plans start at $13.90 a month**

As its pricing page puts it: $13.90 per month, billed yearly ($19.90 billed monthly).

3 **It runs on Web**

Web, with a browser extension too.

4 **LinkedIn connection and follow-up automation**

Configurable sequences of connection requests, InMails and follow-ups with reusable templates and AI-assisted icebreakers.

5 **LinkedIn email finder and CRM**

Finds business email addresses for LinkedIn profiles and groups, tags and tracks prospects in a built-in CRM.

6 **Instagram exporters**

Exports followers, following lists, comments and likes from public Instagram accounts and posts to CSV or Excel.

7 **A 2.2 GPA, above 40 of 81**

That is against the other cold outreach tools we grade, on value, the free plan, features, ease of use and platforms.

8 **Keep it**

To replace LinkedRadar you would be making connections to other products, each kept working as those products change. That is not a weekend's work, with an AI app builder or without one.

The report card

Best for cheap LinkedIn outreach for one account

LinkedRadar automates LinkedIn connections and follow-ups from $13.90 a month on yearly billing, and adds Instagram tools. But each of the lower plans covers one LinkedIn account, invitations are capped at 400 or 800 a month, and there's no free trial.

TOOLGPA REPORT CARD — **LinkedRadar** — Graded Nov 13, 2026

SUBJECT	GRADE	COMMENT
Value for money	A	$13.90 a month billed yearly ($19.90 monthly) is under 60% of the $25 cheapest quarter in this category, with Biz at $23.90. The limit is what it covers: one account on all but Team.
Free plan and trial	F	No free plan or trial on the pricing page, although the site promotes some free tools.
Features	C	LinkedIn connection and follow-up automation, an email finder and Instagram tools. It's a broad toolkit, so outreach is one part among several.
Ease of use	C	No store rating on record. You install the extension and set up campaigns.
Platforms and integrations	B	Web and a browser extension, with Cursor, Codex, Excel and Google Sheets listed.

Grade point average — Fair, out of 4.0 **2.2**

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

Who LinkedRadar is for

- ✓ Fits if you run LinkedIn outreach from one account and want a low price
- ✓ Works for someone who also pulls data from Instagram

Who it is not for

- ✗ Not for you if you want to try it first, as there's no trial listed
- ✗ Watch out: only Team covers more than one LinkedIn account
- ✗ Tight if you send a lot: Start allows 400 invitations a month
- ✗ Skip it if you want one focused product, because it's a wide toolkit and isn't affiliated with LinkedIn or Instagram

Good to know

Good for

- ✓ Solo users who want inexpensive LinkedIn automation limits
- ✓ Marketers who also need Instagram audience exports
- ✓ Small teams that need several LinkedIn accounts on one plan

Worth knowing

- ⓘ Only the Team plan covers more than one LinkedIn account; the other three are per account.
- ⓘ The pricing page shows yearly-billed prices first; the monthly-billed rates are the crossed-out originals.
- ⓘ The pricing page lists no free plan or trial, although the site promotes some free tools.
- ⓘ LinkedRadar is a broad toolkit; cold outreach is one part beside the Instagram tools, and it is not affiliated with LinkedIn or Instagram.

It stands best on value for money (A, above 73 of 81) and worst on free plan and trial (F, above 0).

Its paid plans start at $13.90 a month, against a middle price of $39 for the category: 9 of the 73 others that charge start lower.

Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

Keep it

To replace LinkedRadar you would be making connections to other products, each kept working as those products change. That is not a weekend's work, with an AI app builder or without one.

It costs $166.80 a year.

What you could make

- Sales pipeline: an app builder makes this well.

What you could not

- Connections to other products, each kept working as those products change.

- ✕ Checking that an address exists without writing to it.
- ✕ AI features, unless you pay a model provider for each request yourself.

What this rests on. LinkedRadar's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.
