Welcome

What it is, who it suits, its grades and the ten things to know first

2.8

GPA, above 95 of the 136 other writing tools we grade

Reverso Context shows translations of words and phrases inside example sentences taken from real bilingual texts. The mobile app adds pronunciation, conjugation, synonyms, flashcards and quizzes. This entry rests on the app store listings, because Reverso's own website answered with a bot check and could not be read.

To get you started, here are **9 things to know about Reverso**, taken from its own pages and our grades.

1 **Best for looking up words in real example sentences**

Reverso Context shows a word or phrase translated inside example sentences taken from real texts, with pronunciation, conjugation and flashcards in the app.

2 **Paid plans start at about $5.57 a month**

As its pricing page puts it: €4.99 per month in the iOS app (€39.99 per year).

3 **There is a free plan**

The app is free to download and use; its listing says it has advanced features behind a Premium subscription.

4 **It runs on 2 platforms**

iOS and Android.

5 Translation in context

Results for a word or phrase sit inside real example sentences drawn from documents, subtitles and product descriptions.

6 Pronunciation and voice search

Search by speaking and hear natural pronunciation of whole example sentences, per the Google Play listing.

7 Conjugation and synonyms

One tap gives frequency details and conjugation where it applies; the Android listing names conjugation in 10 languages.

8 A 2.8 GPA, above 95 of 136

That is against the other writing tools we grade, on value, the free plan, features, ease of use and platforms.

9 Keep it

To replace Reverso you would be making a voice model, which you can rent by the minute but not make. That is not a weekend's work, with an AI app builder or without one.

The report card

Best for looking up words in real example sentences

Reverso Context shows a word or phrase translated inside example sentences taken from real texts, with pronunciation, conjugation and flashcards in the app. The app is free. Premium is €4.99 a month in the iOS app, and the listings don't mention a grammar checker, so it's for translating and learning rather than polishing your own writing.

TOOLGPA REPORT CARD	Reverso	Graded Nov 12, 2026
SUBJECT	GRADE	COMMENT
Value for money	B	€39.99 a year in the iOS app, about €3.33 a month, which sits in the cheapest quarter of writing tools. Web Premium prices could not be read.
Free plan and trial	B	The app is free to use, with ads on Android, and one person could live on that. Premium adds the extra features, with a 7-day trial on the iOS monthly plan.
Features	C	Translation with examples, pronunciation, conjugation, synonyms and flashcards, but the listings name no grammar checker, so it's thin as a writing tool.
Ease of use	A	4.7 on the App Store from 3,600 ratings.
Platforms and integrations	C	iPhone and Android apps only on the listings we could read. The web version's features and prices are not covered.
Grade point average		Good, out of 4.0 **2.8**

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

Who Reverso is for

- ✓ Fits if you're learning a language and want to see words used in real sentences
- ✓ Works for translators checking how a phrase is actually used

Who it is not for

- ✕ Skip it if you want your own writing checked for grammar, as the listings name no grammar checker
- ✕ Not for you if you work on a laptop, because the listings cover phones only
- ✕ Watch out: the prices we have are for the iOS app in euros, and web Premium pricing could not be read
- ✕ Watch out: the Android app shows ads, and the two stores name different numbers of languages (14 to 17)

Good to know

Good for

- ✓ Language learners who want to see how a phrase is used
- ✓ Writers checking how a translated expression reads in context

Worth knowing

- ⓘ Reverso's website was behind a bot check, so web features, web plans and web prices are not covered here.
- ⓘ Prices come from the iOS listing, in euros, and apply to the app subscription only.
- ⓘ The listings describe translation and learning; they do not list a grammar checker.
- ⓘ App listings name 14 to 17 translation languages, which differ between the two stores.

Where it stands

Its grades against its category, and whether to keep it or make your own

95/136

Other writing tools it is graded above

Reverso's GPA of 2.8 is higher than 95 of the 136 other writing tools we grade, and level with 23.

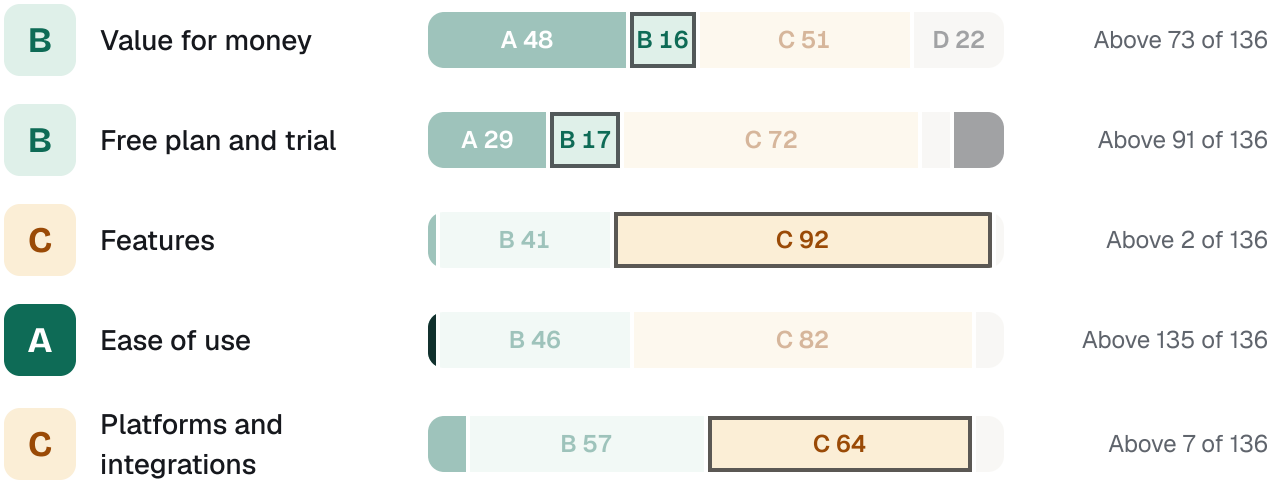

It stands best on ease of use (A, above 135 of 136) and worst on features (C, above 2).

Its paid plans start at about $5.57 a month, against a middle price of $8.66 for the category: 19 of the 81 others that charge start lower.

On features, ease of use and platforms it scores 2.7 out of 4. 6 tools score higher and cost less.

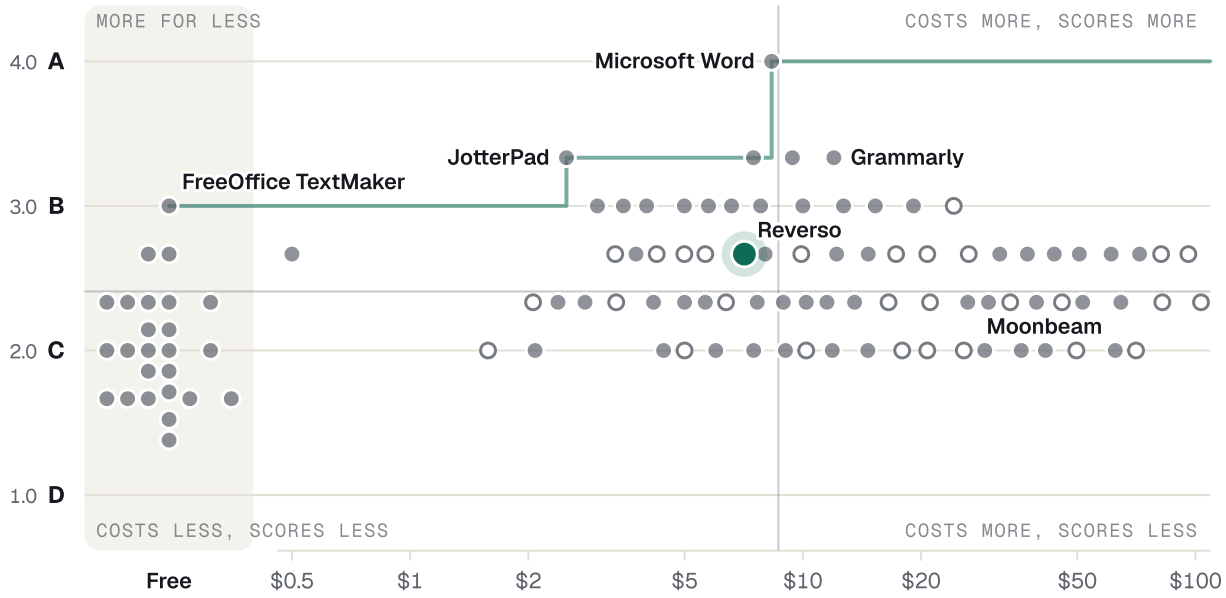

Each grade against the category

Every bar is all 137 writing tools we grade, cut by the letter each got. Reverso's own letter is outlined.

Price against what you get

Each dot is one of 107 writing tools. Further left costs less; higher up scores better on features, ease of use and platforms. Reverso is the marked dot.

What paid plans start at, a month (each step along is roughly double)

Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

Keep it

To replace Reverso you would be making a voice model, which you can rent by the minute but not make. That is not a weekend's work, with an AI app builder or without one.

It is one of the better ones too: its GPA of 2.8 is higher than 95 of the 136 other writing tools we grade. It costs $66.90 a year.

What you could not

- ✕ A voice model, which you can rent by the minute but not make.
- ✕ Dictation that types into any app on your computer.

× A real app for iOS and Android. Something home-made would be a web page.

What this rests on. Reverso's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.

Where this guide comes from

The prices, plans, platforms and features were read from Reverso's own pages on Nov 12, 2026, and the grades were given on Nov 12, 2026. Graded from this listing, whose facts were read from its App Store listing (the vendor's own website answered with a bot check)'s own pages on 12 November 2026, and its App Store rating. The vendor's website could not be read. Not based on using the product, and shorter than our full reviews.

Every tool we list gets five grades, A to F, each with its reason, and a GPA that averages them. How each is decided is at toolgpa.com/grades. This guide is ToolGPA's own work; it is not made, paid for or approved by Reverso Technologies Inc. Prices change, so check reverso.net before you buy.
