SUBJECT	GRADE	COMMENT
Value for money	D	Simplify+ is $19.99 a week, $39.99 a month or $89.99 for 3 months on the App Store. Even the 3-month price works out near $30 a month, above the dearest quarter of resume builders ($26.66).

Features	B	Autofill, resume score and tailoring, Autopilot, a tracker, job lists, cover letters and answers. Autopilot is paid only.
Ease of use	C	The iPhone app shows 4.3 from 35 ratings, too few to count (we need 300). The extension needs installing and an account connecting.
Platforms and integrations	B	Web, an iPhone-only app and a browser extension, with Workday, Greenhouse, Lever, iCIMS, LinkedIn and Indeed on the list.

- ✕ Watch out: the iOS app is iPhone only
- ✕ Watch out: 4.3 from 35 App Store ratings is a thin record

It stands best on platforms and integrations (B, above 20 of 24) and worst on value for money (D, above 0).

Its paid plans start at $86.62 a month, against a middle price of $14.71 for the category: 15 of the 15 others that charge start lower.

Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

Keep it

The plain part of Simplify you could make: resume builder and templates. What surrounds it you could not. The 4 things listed below take a company, not a weekend.

It is one of the better ones too: its GPA of 2.4 is higher than 16 of the 24 other resume builders we grade. It costs $1,039.48 a year.

What you could make

- Resume builder and templates: an app builder makes these well.

What you could not

- × A real app for iOS. Something home-made would be a web page.

- It plugs into other products, Workday, Greenhouse and Lever among them.
- AI features, unless you pay a model provider for each request yourself.
- The depth: we grade its features B, which means it covers the whole job.

What this rests on. Simplify's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.
