Welcome

What it is, who it suits, its grades and the ten things to know first

2.2

GPA, above 36 of the 90 other social media schedulers we grade

Sociamonials schedules and reposts social posts, imports RSS feeds and reports analytics, and adds campaign tools beyond a plain scheduler: contests, sweepstakes, landing pages, popups and a user-generated content approval flow. A pixel can tie posts to store revenue or leads.

To get you started, here are **9 things to know about Sociamonials**, taken from its own pages and our grades.

> **The pricing page names two plans only and doesn't list which networks it posts to, and the API stays out of the ordinary trial.**
>
> From our report card of Sociamonials

2 **Paid plans start at $24 a month**

As its pricing page puts it: $24 per month for 3 users, billed annually ($29 billed monthly).

3 **You can try it first**

4 **It runs on 3 platforms**

Web, iOS and Android.

5 **Scheduling and reposting**

7 **Contests and sweepstakes**

Photo, video and essay contests, referral sweepstakes, landing pages and popups, all in the same account.

8 **A 2.2 GPA, above 36 of 90**

That is against the other social media schedulers we grade, on value, the free plan, features, ease of use and platforms.

9 **Keep it**

The report card

Best for scheduling plus contests and sweepstakes

Sociamonials is a scheduler that also runs contests, sweepstakes, landing pages and a user-content approval flow. The pricing page names two plans only and doesn't list which networks it posts to, and the API stays out of the ordinary trial.

TOOLGPA REPORT CARD	Sociamonials	Graded Nov 13, 2026
SUBJECT	GRADE	COMMENT
Value for money	C	$24 a month on yearly billing for 3 users and 30 profiles ($29 monthly). That's near the category middle of $24.99 and cheap per head for a small team.
Free plan and trial	C	No free plan. A 14-day trial of the top plan's web app; the listing doesn't say a card is asked for.
Features	C	Scheduling, reposting queues, RSS, contests and a revenue pixel, plus AI Writer on Thrive. The listing shows gaps: the supported networks aren't listed, and campaign entries are capped at 5,000 a month on Grow.
Ease of use	C	No store rating on record. Feeds, queues and campaigns all take building before they work.
Platforms and integrations	B	Web, iOS and Android. The page lists no integrations, though, and API and MCP access need an eligible paid account.
Grade point average		Fair, out of 4.0 **2.2**

An A is worth 4 points, a B 3, a C 2, a D 1 and an F nothing. The GPA is the average of the five.

Who Sociamonials is for

- ✓ Fits if you run photo contests or sweepstakes and want them in the same tool as your posting
- ✓ Works for small teams of 3 sharing one login on the cheaper plan

Who it is not for

- ✗ Not for you if you want a free plan, since there's a 14-day trial only
- ✗ Skip it if you need to know which networks it supports, because the pricing page doesn't say
- ✗ Tight if you run big campaigns: 5,000 entries a month on Grow
- ✗ Watch out: API and MCP access are excluded from the ordinary trial

Good to know

Good for

- ✓ Small businesses that run photo contests or sweepstakes
- ✓ Agencies serving many clients on a flat per-plan price
- ✓ Stores that want to see revenue tied to individual posts

Worth knowing

- ⓘ Only two plans are listed, and they differ mostly in profile, feed and campaign-entry limits.
- ⓘ API and MCP access are left out of the ordinary free trial and need an eligible paid or lifetime account.
- ⓘ Campaign entries are capped at 5,000 a month on Grow and 100,000 on Thrive.
- ⓘ The page does not list which social networks are supported.

PART 04 · STANDING

Where it stands

Sociamonials's GPA of 2.2 is higher than 36 of the 90 other social media schedulers we grade, and level with 28.

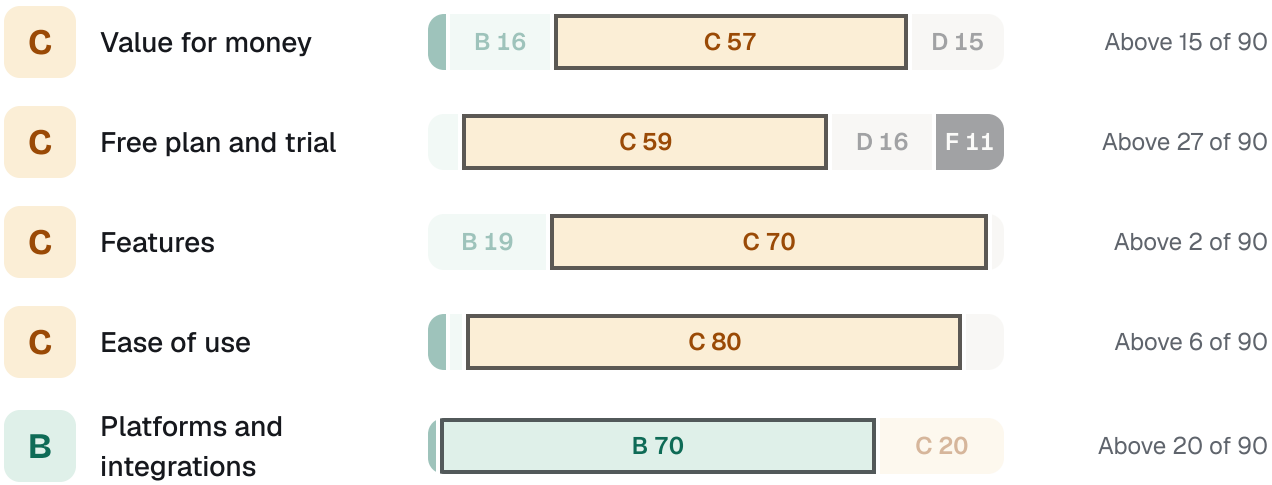

It stands best on platforms and integrations (B, above 20 of 90) and worst on features (C, above 2).

Its paid plans start at $24 a month, against a middle price of $24.46 for the category: 38 of the 79 others that charge start lower.

Price against what you get

Keep it, or make your own?

Whether this is something you could build for yourself with an AI app builder, and what you would give up.

Keep it

The plain part of Sociamonials you could make: calendar, rSS reader, reports and templates. What surrounds it you could not. The 3 things listed below take a company, not a weekend.

It costs $288 a year.

What you could make

- Calendar, rSS reader, reports and templates: an app builder makes these well.

What you could not

- A tracking script and a database that counts every visit.

- ✕ A real app for iOS and Android. Something home-made would be a web page.
- ✕ AI features, unless you pay a model provider for each request yourself.

What this rests on. Sociamonials's listing: what it does, where it runs, what it plugs into and what it costs. It is a judgement about the kind of software this is. We have not built a replacement for it, and making your own means looking after it too. How we decide, and every tool's verdict.
